## Index

N. 1 April 2007

- Letter from the Editor**  
 3 *Maurizio Vanelli*  
 Good News
- Editorial**  
 4 *Sandro Contini*  
 Surgery in developing Countries: why and how to meet surgical needs worldwide
- Review**  
 6 *Filippo Cademartiri, Anselmo Alessandro Palumbo, Erica Maffei, Ludovico La Grutta, Giancarlo Casolo, Annachiara Aldrovandi, Claudio Reverberi, Valerio Brambilla, Paolo Coruzzi, Cesare Beghi, Diego Ardissino, Girolamo Crisi, Maurizio Zompatori*  
 Non invasive imaging of coronary arteries with 64-slice CT and 1.5T MRI: challenging invasive techniques
- Original Articles**  
 16 *Paolo Caffarra, Giuliana Vezzadini, Sandra Copelli, Francesca Dieci, Giovanni Messa, Ezio Nonis, Annalena Venneri*  
 Comparing treatment effects in a clinical sample of patients with probable Alzheimer's disease treated with two different cholinesterase inhibitors  
 22 *Chiara De Panfilis, Sara Cero, Elisabetta Dall'Aglio, Paola Salvatore, Mariateresa Torre, Carlo Maggini*  
 Psychopathological predictors of compliance and outcome in weight-loss obesity treatment
- 29 *María E. Trujillo-Ortega, Daniel Mota-Rojas, Adriana Olmos-Hernández, María Alonso-Spilsbury, Miguel González, Héctor Orozco, Ramiro Ramírez-Necochea, Alejandro A. Nava-Ocampo*  
 A study of piglets born by spontaneous parturition under uncontrolled conditions: could this be a naturalistic model for the study of intrapartum asphyxia?
- 36 *Emanuele Soncini, Alessia Zonca, Vittorio Condemi, Anna Degli Antoni, Elena Bocchialini, Paola Soregotti*  
 Reduction of the risk of cervical intraepithelial neoplasia in HIV-infected women treated with highly active anti-retroviral therapy
- 41 *Stefania Ferretti, Samanta Fornia, Luca Ampollini, Michele Rusca, Paolo Salsi, Augusto Vaglio, Pietro Cortellini*  
 Lung metastasectomy in patients with renal cell cancer (RCC). A 17-year experience in Parma Hospital
- Case Report**  
 46 *Mattia Fortina, Serafino Carta, Emmanuel Olivier Del Vecchio, Edoardo Crainz, Stefano Urgelli, Paolo Ferrara*  
 Retroperitoneal hematoma due to spontaneous lumbar artery rupture during fondaparinux treatment. Case report and review of the literature  
 51 *Giovanni Garini, Landino Allegri, Francesco Iannuzzella, Augusto Vaglio, Carlo Buzio*  
 HCV-related cryoglobulinemic glomerulonephritis: implications of antiviral and immunosuppressive therapies

**Up to Date**

- 60 *Francesco Pogliacomì, Massimo De Filippo, Cosimo Costantino, Richard Wallensten, Giovanni Soncini*  
2006: the value of pelvic and femoral osteotomies in hip surgery

**View Point**

- 71 *Nicky McCarthy*  
Why English is fundamental in an increasingly interconnected world

- 77 **Obituary**

N. 2 September 2007

**Reviews**

- 88 *Pierluigi Fietta, Pieranna Fietta, Paolo Manganelli*  
Fibromyalgia and psychiatric disorders

- 96 *Gabriella Coruzzi, Nicola Venturi, Silvana Spaggiari*  
Gastrointestinal safety of novel nonsteroidal antiinflammatory drugs: selective COX-2 inhibitors and beyond

**Original Articles**

- 111 *Luca Dughera, Chiara Elia, Monica Navino, Fabio Cisarò and the ARMONLA Study Group*  
Effects of symbiotic preparations on constipated irritable bowel syndrome symptoms

- 117 *Licia Veronesi, Emanuela Capobianco, Paola Affanni, Silvia Pizzi, Pietro Vitali, Maria Luisa Tanzi*  
Legionella contamination in the water system of hospital dental settings

- 123 *Enzo Capocasale, Nicola Busi, Maria Patrizia Mazzoni, Raffaele Dalla Valle, Umberto Maggiore, Lucia Bignardi, Carlo Buzio, Mario Sianesi*  
Simultaneous kidney-pancreas transplantation: the Parma Center experience

- 128 *Simona Peruzzi, Chiara Gorrini, Giovanna Piccolo, Adriana Calderaro, Giuseppe Dettori, Carlo Chezzi*  
Human intestinal spirochaetosis in Parma: a focus on a selected population during 2002-2005

**Case Reports**

- 133 *Vincenzo Russo, Ilaria De Crescenzo, Ernesto Ammendola, Lucio Santangelo, Raffaele Calabrò*  
Sympathovagal balance analysis in idiopathic postural orthostatic tachycardia syndrome

- 139 *Antonella Corsi, Anna Ingegnoli, Pietro Abelli, Flavia De Chiara, Cristina Mancini, Giulia Martina Cavestro, Libera Fanigliulo, Francesco Di Mario, Angelo Franzé, Maurizio Zompatori*  
Imaging of a small bowel cavernous hemangioma: report of a case with emphasis on the use of computed tomography and enteroclysis

- 144 *Lorenzo Pelizza, Pasquale De Luca, Maurizio La Pesa, Daniela Borella*  
Clozapine-induced intestinal occlusion: a serious side effect

N. 3 December 2007

**Review**

- 163 *Marta Putzu, Andrea Casati, Marco Berti, Giovanni Paggiarini, Guido Fanelli*

Clinical complications, monitoring and management of perioperative mild hypothermia: anesthesiological features

**Original Articles**

- 170 *Simona Peruzzi, Chiara Gorrini, Giovanna Piccolo, Adriana Calderaro, Giuseppe Dettori, Carlo Chezzi*  
Prevalence of imported malaria in Parma during 2005-2006

- 176 *Giovanni Gabutti, Claudio Lazzara, Maria Marsella, Mauro Bergamini, Cristina Malaventura, Caterina Borgna-Pignatti*  
Burden of hospitalizations due to Rotavirus infection in Emilia Romagna, Italy

- 182 *Giuseppe Nuzzi, Lucia Riggio, Stefania Rossi*  
Visual reaction times in strabismic amblyopia: a case-control study

- 190 *Vincenzo Fano, Mohamed Shtel, Maria Luisa Tanzi*  
Release phenomena and toxicity in polymer-based dental restorative materials

- 198 *Cosimo Costantino, Francesco Pogliacomì, Francesco Passera, Galeazzo Concari*  
Treatment of wrist and hand fractures with natural magnets: preliminary report

- 204 *Matteo Dalla Chiesa, Rodolfo Passalacqua, Maria Michiara, Vittorio Franciosi, Francesco Di Costanzo, Giancarlo Bisagni, Roberta Camisa, Sebastiano Buti, Gianluca Tomasello, Giorgio Cocconi, on behalf of the Italian Oncology Group for Clinical Research (GOIRC)*  
Tamoxifen vs Tamoxifen plus 13-cis-retinoic acid vs Tamoxifen plus Interferon  $\alpha$ -2a as first-line endocrine treatments in advanced breast cancer: updated results of a phase II, prospective, randomised multicentre trial

- 210 *Giancarlo Balbi, Serena Visconti, Antonietta Monteverde, Maria-Amparo Manganaro, Antonio Cardone*  
Liposomal doxorubicin: a phase II trial

- 214 *Salvatore Anfuso, Emanuele Soncini, Patrizia Bonelli, Giovanni Piantelli, Dandolo Gramellini*  
Second-trimester maternal serum alpha-fetoprotein elevation and its association with adverse maternal/fetal outcome: ten years experience

- 220 *Dandolo Gramellini, Stefania Fieni, Christine Kaibura, Alberto Bacchi Modena*  
Cervical length as a predictor of preterm delivery: gestational age-related percentiles vs fixed cut-offs

Cervical length as a predictor of preterm delivery: gestational age-related percentiles vs fixed cut-offs

**Case Report**

- 225 *Massimo De Filippo, Carlo Bocchi, Leonardo Quartieri, Domenico Corradi, Maurizio Zompatori*  
Mangafodipir-DPDP enhanced MRI visualization of a pancreatic adenocarcinoma previously undetected by extracellular contrast enhanced CT and MRI

**Up to Date**
