The Journal does not hold itself responsible for statements made by contributors or for loss or damage of mailed manuscripts. They should be accompanied by an undertaking that they are submitted to this Journal only. Papers must be submitted in English. Papers are accepted on the understanding that they may be subject to editorial revision.

All Original Articles are subject to review and authors are urged to be brief. Long papers with many tables and figures may require shortening if they are to be accepted for publication. All manuscripts should include a total text word count and an abstract word count on the cover page. Total text word count does not include title page, figure legends, references, or tables. Only under exceptional circumstances will Original Articles longer than 5500 words be considered, and under no circumstances will abstracts greater than 250 words be published. Editorials and Reviews are normally invited contributions but suitable papers may be submitted to the Editor for consideration for this purpose. The presentation of Case Reports should be as short as possible. Reports of co-existence of two diseases or conditions without proof of causal relationship are discouraged. Letters to the Editor should not exceed 600 words of text, one figure or table and up to six references. Because space limitation, publication of submitted Letters will depend on priority rating.

TITLE PAGE must contain:

- a concise informative title
- author(s) names
- department or institution where work was done
- name and address of author to whom correspondence about the manuscript and request for reprints should be referred, as well as fax, E-mail and telephone number
- a running title of no more than 40 characters.

Be certain to list the FAX number and E-mail of the corresponding author on the title page. **All correspondence will be by E-mail only.**

MANUSCRIPT should be typed in 12-point type and double spacing should be used throughout. It should carry an abstract of not more than 250 words including 4 paragraphs labeled: Background and aim of the work, Methods, Results, and Conclusions. Below the abstract provide 3-10 key words that will assist indexers in cross-indexing the article. Paragraphs to be set in a smaller type should be marked with an "s" (small) in the left hand margin. Avoid footnotes; when essential they are numbered consecutively and typed at the foot of the appropriate page.

ILLUSTRATIONS. It is the authors' responsibility to obtain permission (from the author and copyright holder) to reproduce illustrations, tables, etc. from other publications. Photographs and graphics should be sent as high resolution files: not less than 300 d.p.i. and with a base of the same size as a column of the Journal (8 cm). A letter of permission must accompany all photographs when there is a possibility of identification. Authors will pay for colour illustrations. Present rate for a full page colour illustration is about \$ 600-1200. Final quotation will be given by the publisher. Legends should be typed on a separate "word" document.

TABLES should be numbered consecutively with Arabic numerals. Type each table on a separate document, together with a brief caption. We do not welcome large tables of unanalysed data.

REFERENCES should be numbered consecutively in the order in which they appear in the text. References cited only in tables or in legends to figures should be numbered in accordance with the sequence established by the first identification in the text. The list of references should be typed in numerical order and indicate: authors' names (all authors when six or less; when seven or more list only the first three and add "et al."); article title, name of the Journal (abbreviated as in Index Medicus), publication year, volume and first and last page numbers. Example: Rizzato G, Marazzini L. Thoracoabdominal mechanics in elderly men. *J Appl Physiol* 1970; 28: 457-60.

If the reference is concerning a book, give authors' names, full title, name and address of publisher and publication year. Personal communications should not be included in the references, but may be cited in the text in parentheses.

COPYRIGHT. Please include a signed release of copyright to ACTA BIO MEDICA SOCIETY OF MEDICINE AND NATURAL SCIENCES OF PARMA with your text. Include the title of the article being submitted, as well as the date. Include the signature of coauthors.

The corresponding author must certify that the submitted manuscript is an original article and that he is able to prove this originality if required from the Referees. Without this declaration the manuscript will not be considered.

FINANCIAL OBLIGATIONS are assessed for submitting manuscripts to help defray costs of publications, starting from May 2010. The charge is 100,00 Euros per text. The corresponding author will receive via e-mail a pro-forma invoice. The process of evaluation will start only after the payment of the charge. For the colour illustrations charges, see the section "illustrations".

GALLEY PROOF. Unless indicated otherwise, galley proofs are sent to the first author and should be returned without delay. Alterations to galley proofs, other than those due to printer's error, are charged to the author. Accepted and rejected manuscripts are retained for six months after publication or rejection, then destroyed.

REPRINTS. Reprints are available at cost if they are ordered when the proof is returned. Order form and a price list are sent with the galley proofs; payment must be made with the order.

NOTICE TO SUBSCRIBERS
